[Click here to view a document](#) with full instructions on how to download and use the app. (Please note that all the leads will be sent to the main registered email.)

Translators / Assistants: These have proved very popular for institutions without Spanish speaking staff. They are also invaluable for institutions only sending one person, as you will have an extra person to help during the peak periods and allow you to take breaks without missing potential enquiries.

COST: Translators can be arranged at a rate of US\$ 130 per day for Monterrey, Guadalajara and Medellin and US\$ 260 for both days in Mexico City, Bogota and Lima.

EXTRA SERVICES REQUESTS AFTER January 24th

Please make sure to request and confirm all needed extra services, such as translators, seminars, panel printing, printing requests and hotel bookings, before the EIS is closed. After January 24th, extra services will still be available but with an additional 50% charge on the cost of all services.

CATALOGUE ADVERTISING: For the fairs, a digital catalogue is sent online to all pre-registered guests and visitors, and widely promoted in our social media accounts. STAND CONSTRUCTION

Equipment provided: Each stand will be supplied with: 1 table and 2 chairs; 1 electricity point; 2 spot lights and 1 fascia (name) board. Corner sites will be open to the aisles with fascia overhead. In each fascia we will indicate the Expo Estudiante logo if your institution wants to promote undergraduate programs, Expo Posgrados logo if you want to promote postgraduate programs or both if you are interested in promoting both.

The name displayed on your fascia will be the one you update in the EIS, if this information is not updated, we will use the common name of the institution.

If you require additional furniture, please email us and we will contact the stand construction company and obtain a price for the additional items required.

Please [>>>click here<<](#) for further information and a layout diagram of the stand.

Exhibitor badges: The exhibitor badges will be available at your booth on arrival at the venue. You will also find your institution's APP credentials and wifi password on the table.

Note: Please complete in the EIS, how many badges you will need, the exhibitor badges will only indicate the name of the institution, we do not print nominative badges.

Panels: Double sided tape or similar may be used but must be removed by exhibitors at the end of the exhibition. Under no circumstances must anything be nailed, screwed, glued or painted onto the panels or metal framework of the stand. All damage will be charged to the exhibitor. All stands must be clean and ready 30 minutes before the opening of the event. No packing materials or goods will be allowed inside the hall after that time. **Please keep in mind that panels are 1m wide x 2.40m tall for all countries (Mexico, Colombia and Peru.)**

FULL-COLOUR GRAPHICS FOR YOUR STAND

You may have seen many institutions at recent fairs decorate their stands with full colour graphics printed directly on to the stands. This not only looks very attractive and attracts many more visitors to the stand but also avoids the need to carry or ship display material and spend time decorating the stand. International institutions occasionally ship expensive stand displays or bring them to Latin America. Typically, however, local suppliers cannot speak English, issue proper receipts or only accept payment in local currency, meaning our service is far more straightforward and safe. BMI has negotiated with suppliers in each city so that you may take advantage of having full colour printed panels so that your stand is ready when you arrive.

Please [click here](#) for further information and samples about panel printing

Price Guide:

Guadalajara, Mexico City, Monterrey,
Bogota, Medellin and Lima

What's Included:

- Colour panel printing
- Mounting of graphic
- Cleaning of panel after use

What Else Do I Need to Know?

- You must send a different file for each panel
- Panels are 1m wide x 2.40 high in Mexico, Colombia and Peru **artwork should be exactly this size and must be in PDF 100 DPI**
- No corrections can be made once we receive the files for printing
- If multiple panels are being used, we will need a graphic plan for the whole stand showing the complete design,
- Panels cannot be re-used. Each city requires its own set of printed panels and will be charged accordingly.
- If artwork is not provided on time, no refund is possible

FINAL DEADLINE for BMI to receive the files: **January 24th.**

Please contact Karen Botero at karen@bmiglobaled.com for more information.

This service must be ordered online, using the EIS and pay by credit card with a secure payment link.

GDPR AND THE BMI SMART SCAN APP

By collecting a student's data via the BMI Smart Scan App, your institution will be receiving all information provided by that specific student in the registration form which they complete before entering the fair. The fair registration form and the process is fully GDPR compliant.

All visiting students and parents are clearly informed that by allowing an institution to scan them at the event, they are allowing you to collect their data for post-fair follow up. This information is clearly printed on the registration site, on the subsequent printed ticket they bring to the fair and on the visitor badge they receive at the entrance to the fair. If they do not wish to share their data, they should not allow you to scan their badge.

Once the student information is collected via the BMI Smart Scan App, your institution may use this data for fair and reasonable follow-up after the fair. However, for ongoing generic marketing communications, your institution must obtain explicit consent from the student as per GDPR data processing compliance rules and regulations.

By using the BMI Smart Scan App your organisation commits to act responsibly, treat this information under GDPR data processing guidelines and exonerates BMI for any misuse or data breaches that may occur from your follow up, or future marketing communication sent to visitors you have scanned at the event.

The privacy policy for the fair can be found on the website.

Please note that all the leads will be sent to the main registered email.

REGULATIONS

Cleaning and storage: Aisles and stands will be cleaned daily.

Insurance: While we take every precaution to protect your property during the event, we are not responsible for any loss or damage and we recommend that you arrange insurance cover for your travel and participation. You are also responsible for insuring against any legal liability incurred in respect of injury or damage to property belonging to third parties. In addition, you should protect your expenditure against abandonment and cancellation or curtailment of the event due to reasons beyond our control.

Security: Every reasonable precaution is taken to ensure the safety and security of personnel and equipment. The premises will be locked overnight, but we cannot accept any responsibility whatsoever for any injury, loss or damage or any consequential losses which befall your personnel or their property. BMI recommends that valuables, particularly of a portable nature, are not left unattended on your stand.

7. SHIPPING INFORMATION

BMI highly recommends printing your institution's brochures locally. Please send an email to karen@bmiglobaled.com if you need a quote and include a PDF of what is required to be printed, paper weight and quantity. We will then send you a quote or revert with further details. We will be happy to assist you.

GENERAL INFORMATION

All boxes must arrive 10 days before each event. We recommend starting shipping at least 3 weeks in advance. Please ensure your delivery company is aware of the delivery cut-off date and that they ensure that it is sent so that all customs and importation fees are paid by the sender.

The tracking information of your shipped material, must be sent by email to karen@bmiglobaled.com before January 24th.

ADDRESSES FOR SHIPPING

If you are shipping material for your participation, you can download the shipping labels in the EIS Shipping/Tracking section, which has the address of the location where the material has to be sent.

Once shipped, please enter your tracking information in the EIS. This will help us track your shipment and inform you if it does not arrive or is stuck in customs. Without this information, we will not be able to help you.

We highly recommend institutions to print in-country to avoid these problems and BMI offer this service. Please contact karen@bmiglobaled.com for further details.

It is essential that the person who is travelling to Latin America carries a copy of all the following information:

1. Airway bill numbers for each box you have shipped.
2. How many boxes were sent and to which cities.
3. Full contact details of the courier company in the country of the fair and in your country.
If possible, obtain the mobile phone number of the shipping manager in your country and their contact in Latin America.
4. We also suggest carrying a digital high quality PDF of your material in case of any delay in your shipment, so we may be able to help you by printing it locally.

BMI or Hotels will not pay customs duty to free your packages. To avoid the package to be returned, please make sure that its value is low and there is nothing else than paper material in it.

8. PRINTING IN LATIN AMERICA

You may also choose to print your material locally in Latin America and have it on your stand when you arrive. BMI currently prints brochures for over 40 international institutions.

Printing costs in Latin America might be higher than in North America or Europe but you will make huge savings in shipping costs and avoid any customs, taxes or delivery problems.

BMI highly recommends printing your institution's brochures locally. Please get in contact if you need a quote.

If you are interested in the printing option, please email a digital copy of your brochure, with the following information to karen@bmiglobaled.com.

- Paper weight
- Paper Type
- Quantity required per city

We will then get back to you with a quotation or any additional information we may require. The deadline for this service is January 24th for Mexico, January 31th for Colombia and February 7th for Peru.

Please note that we will not proceed with printing without your written authorisation based on the quotation.

Make sure you send all the material you want to print in high quality files, BMI will not be responsible for files that we have not received.

The BMI team will deliver the printed material to the designated representative in the main cities of each country in the series. (Mexico City - Mexico, Bogota - Colombia and Lima - Peru) each representative will be responsible for splitting and carrying the remaining material between cities.
